

SYSTEM FOR JOIN-UP INCENTIVE MESSAGING AND BONUSING

5

ABSTRACT OF THE DISCLOSURE

Uncarded play can be monitored by a gaming device or network to target incentives aimed at achieving player tracking system enrollment. A player is permitted to begin gaming device play. The player's play is monitored for triggering events suggesting a player's value to the casino and prompting notification of join-up incentives to the player. The player can be solicited to enroll and can be awarded join-up incentives following enrollment.
